

# A Library ABC

## A

is for  
Auburn Public Library.  
Auburn is a tiny hamlet  
in the Clare Valley,  
South Australia. We couldn't  
look inside because we came  
at the wrong time.

## B

is for  
Barrydale, a village in the Little  
Karoo, Western Cape, South Africa,  
where we found this public library.  
It was open when we visited and  
we were warmly welcomed.

## C

is for  
Catalunya (Catalonia),  
where this antique catalogue  
with its fine example of a  
“library hand”, has been  
preserved in the National Library  
(Barcelona)
